Meet me on Tower Bridge

By Shane Waltener

we met up
we walked
we talked

we remembered London
Tower Bridge
other places

places where we went to
places we came from
places we travelled to

a gateway
a bridge

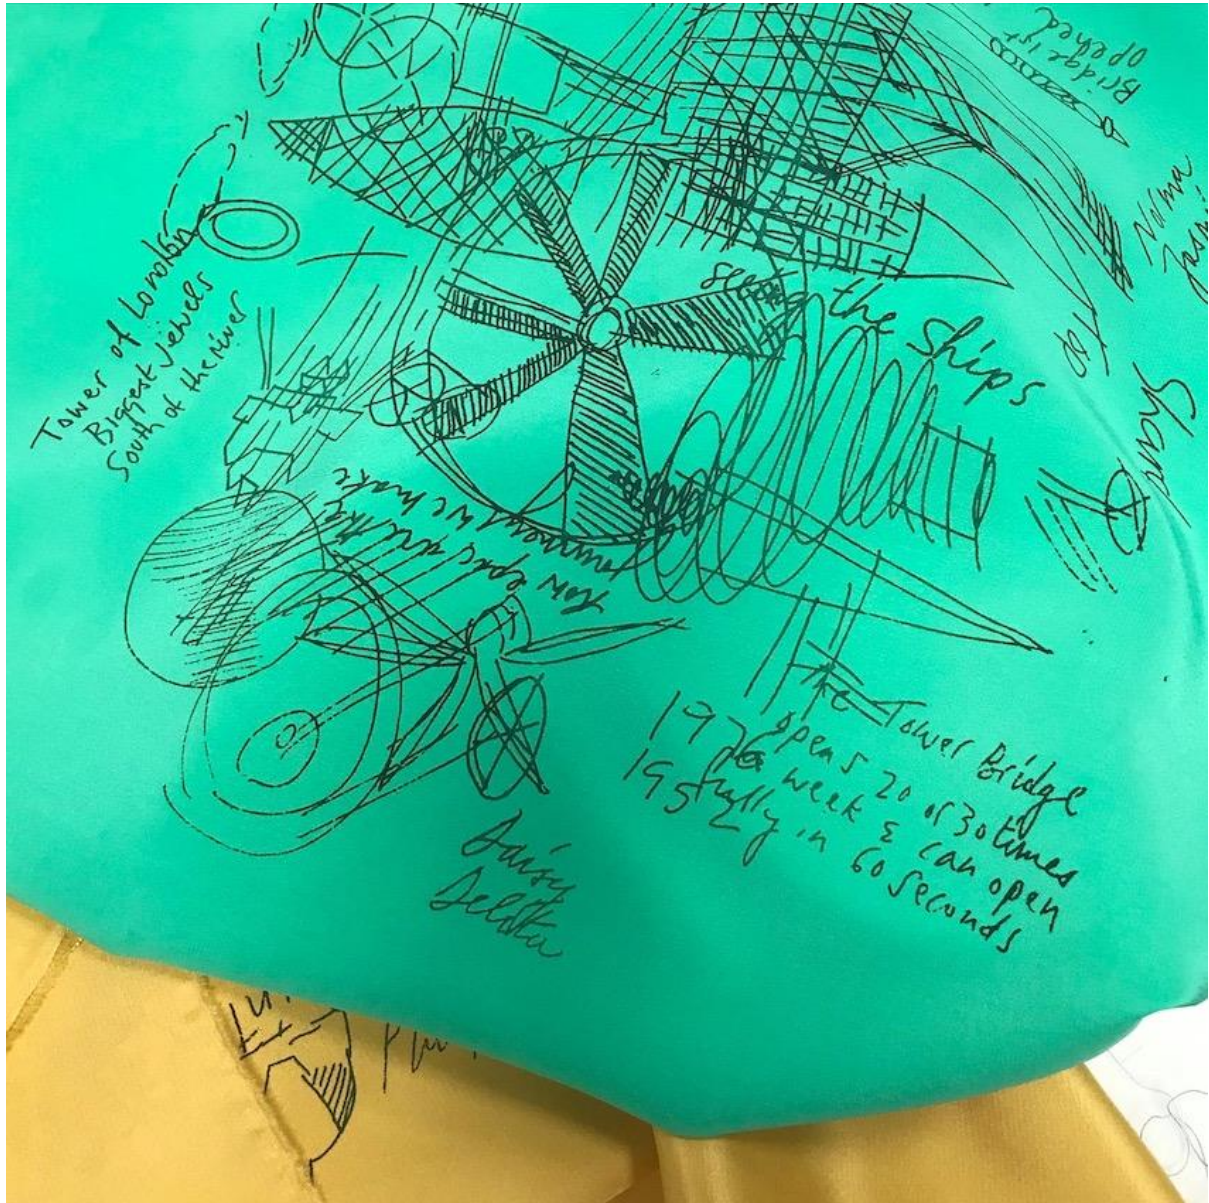

we remembered
people we knew
people who worked here
people who knew

generations past
generations to come
and here we are

between one tower and the other
above river and below
looking around
looking over
looking ahead

drawing it in
mapping it out

Printed scarves with design by Shane Waltener including words and drawings from the members who joined this trip
